

# Housing Supply Overview

A RESEARCH TOOL PROVIDED BY SOUTH CAROLINA REALTORS®

## May 2020

Sellers are taking a more cautious approach to entering the housing market, even as buyers are returning in force due to near-record low interest rates. As the country continues to reopen, seller activity is likely to continue to improve however, continued concerns around COVID-19 may keep some reluctant sellers on the sidelines for now. For the 12-month period spanning June 2019 through May 2020, Pending Sales in the state of South Carolina were down 2.1 percent overall. The price range with the largest gain in sales was the \$300,001 and Above range, where they increased 9.1 percent.

The overall Median Sales Price was up 7.1 percent to \$225,000. The property type with the largest price gain was the Condos segment, where prices increased 8.9 percent to \$173,000. The price range that tended to sell the quickest was the \$150,001 to \$200,000 range at 66 days; the price range that tended to sell the slowest was the \$300,001 and Above range at 96 days.

Market-wide, inventory levels were down 17.6 percent. The property type that lost the least inventory was the Condos segment, where it decreased 5.8 percent. That amounts to 3.1 months supply for Single-Family homes and 4.4 months supply for Condos.
